

2nd WEBINAR ON

AGRICULTURE AND FOOD CHEMISTRY

March 03-04, 2021 | 11:00 – 18:00 EDT

Coalesce Research Group

33 Market Point Dr, Greenville, SC 29607, USA

Phone: +1-718-543-9362 | WhatsApp: +1-315-902-2237

Invitation:

Coalesce Research Group is privileged to invite you to participate in 2nd Global Webinar on Agriculture and food Chemistry with ongoing theme: **“Recent Innovations in Agriculture & Food science”** scheduled on **March 03-04, 2021**. It is designed to serve as virtual online platform for the speakers to showcase their highly insightful research work, knowledge from the field of Agriculture & Food science to the audience and participants. In this peak time of struggle our aim is to bring global scientists/researchers and doctors to one platform to share updated information regarding the Agriculture & Food Science.

Advantages of Webinar

- Offers interactive opportunities to understand target audience
- Reach the target the group directly live and exchange the views of each other
- Cost effective by avoiding travel and accommodation booking
- Time saving
- Opportunities to connect with the hosts and fellow attendees
- Wider reach across the world

Conference Highlights:

- Food and Beverages
- Food & Agriculture Economics
- Advances in Agriculture & Food Science
- Agricultural Chemistry & Engineering
- Food Chemistry and Food Bioactives
- Food Adulteration
- Food Composition & Analysis
- Food Processing
- Food Microbiology
- Food Packaging
- Food Toxicology
- Food Supply Chain Management
- Nutraceuticals, Probiotics & Functional Foods
- Food & Agricultural Immunology
- Sustainable & Organic Agriculture
- Soil & Crop Science Technology
- Plant Science & Agronomy
- Fertilizers & Pesticides
- Dairy Science and Technology
- Nutrition and Health
- Aquaculture & Fisheries
- Food Science and Technology
- Food Safety, Security and Quality Control
- Agriculture & Horticulture
- Food and Drug Analysis

PAST WEBINAR SPEAKERS

Khadija Javed, Chinese Academy of Agricultural Sciences, China

Agnieszka Najda, University of Life Sciences, Poland

Giuseppe Antonio Malfa, University of Catania, Italy

Narendra Kumar, Amity University of Haryana, India

Srinivas Janaswamy, South Dakota State University, USA

Francesco Cappai, Plant Molecular and Cellular Biology Program, USA

Monica Mathias Ramwell, Institute of Agricultural Research, Chile

Phan Thi Hong Nhung, Catholic University of Louvain, Belgium

Panumas Kotepong, Department of Agriculture, Thailand

Sonu Bharti, National Institute of Technology, India

Silvia D. Pena Betancourt, National Autonomous University of Mexico, Mexico
