

International Webinar on Clinical Research and Trials

April 21-22, 2022 | BST

DAY 1 (April-21)

11:00 - 11:10	Introduction
	Oral Presentations
11:10 - 11:35	The Contributions of miR-25-3p, Oxidative Stress, and Heat Shock Protein in a Complex Mechanism of Autophagy Caused by Pollutant Cadmium in Common Carp (<i>Cyprinus Carpio L.</i>) Hepatopancreas Xiaohua Teng, Northeast Agricultural University, China
11:35 - 12:00	MiR-34b-5p Target Gnai2 Aggravates Apoptosis of Hippocampal Neurons and NG108-15 Cells of Offspring Induced by Fluoride Combined with Aluminum Chun Xie, Guizhou Medical University, China
12:00 - 12:25	Abamectin Poisoning with Severely Abnormal Electroencephalogram: A Case Report Zhao-Yang Xing, Department of Critical Medicine, Guangyuan First People's Hospital, China
	Keynote Presentations
12:25 - 13:00	Ubiquity of Polycyclic Aromatic Hydrocarbons and Associated Risks: Contribution From Environmental and Human Biomonitoring Studies Marta Madalena Marques de Oliveira, Instituto Politécnico do Porto, Portugal
	Oral Presentations
13:00 - 13:25	Environmental Contaminants and Synergy: Study of the Toxic Effects of Xenobiotic Bisphenol A and Heavy Metals Co-Exposure on Zebrafish (<i>Danio Rerio</i>) Embryos and Larvae Alessio Filippo Peritore, University of Messina, Italy
13:25 - 13:50	Alcohol Consumption in the Ludwigshafen Risk and Cardiovascular Health (LURIC) Study Angela P. Moissl, Friedrich Schiller University Jena, Germany
	Lunch (13:50 - 14:20)
14:20 - 14:45	Zebrafish Patient-Derived Xenograft Models as a Preclinical Platform for Uveal Melanoma Drug Discovery Jie Yin, Leiden University, Netherlands
14:45 - 15:10	Environmental Risk Assessment of Oxaliplatin Exposure on Early Life Stages of Zebrafish (<i>Danio Rerio</i>) Davide Di Paola, University of Messina, Italy
15:10 - 15:35	Carnitine Deficiency in Chemical Toxidromes: A Causative Clue or a Sequela? Hossam MM Arafa, ACU University, Egypt
15:35 - 16:00	Fractional CO2 Laser - a Intelligent Treatment Alexandre Nunes, Plastic Surgeon, ISAPS Member, Brazil
16:00 - 16:25	Rapid Resolution of Left Ventricular Thrombus Post-STEMI on Rivaroxaban: Effective Lysis or Asymptomatic Embolic Event? Gustavo Knop, Mayo Clinic, USA
16:25 - 16:50	PDMSUr-PWA Films: A Mini-Review Orlando Elguera Ysnaga, University of Sao Paulo, Brazil

International Webinar on Clinical Research and Trials

April 21-22, 2022 | BST

Poster Presentations

16:50 - 17:05

Neurotoxicity of Di (2-ethylhexyl) Phthalate (DEHP): Role of Oxidative Stress

Krishnan Prabhakaran, Norfolk State University, USA

Day 1 Concludes

DAY 2 (April-22)

Oral Presentation

10:00 - 10:25

Hypertension and its Related Factors Among Patients with Type 2 Diabetes Mellitus- a Multi-Hospital Study in Bangladesh

Hiba Alsaadon, Monash University, Australia

10:25 - 10:50

Can Essential Oils be a Potent Alternative of Synthetic Antioxidants?

Sunita Singh, University of Lucknow, India

10:50 - 11:15

Fertility Preservation

Giuseppe Gullo, University Of Palermo, Italy

11:15 - 11:40

Optimizing Transition of Care in Clinical Trial Patients, the Critical Link for Patient Safety

Satish C Nair, UAE University College of Medicine, UAE

11:40 - 12:05

Recent Updates in Pharmacovigilance

Palanisamy Amirthalingam, University of Tabuk, Saudi Arabia

12:05 - 12:30

Comparative Efficacy of Fractional CO2 Laser and QSwitched Nd:YAG Laser in Combination Therapy with Tranexamic Acid in Refractory Melasma: Results of a Prospective Clinical Trial

Amir Mohammad Beyzaee, Mazandaran University of Medical Sciences, Iran

12:30 - 12:55

Effects of Caffeine Ingestion on Psychomotor State and Oxidative Stress Markers After an 8-km Run Competition in Sleep-Deprived Recreational Runners

Amir Khcharem, Sfax University, Tunisia

12:55 - 13:20

Errors and Biases in Research Methodology

Summaiya Zareen Shaikh, The SIA College of Health Sciences College of Physiotherapy, India

Poster Presentation

13:20 - 13:35

Placental Concentrations of Metals and their Association with Preterm Delivery: Indian Scenario

Laxmi Singh, Dr B.R Ambedkar University, India

13:35 - 13:50

Oxidative Stress and Antioxidant Defense System Among Workers of the Printing Industry

Shimaa Tarek Ahmed, Alexandria University, Egypt

13:50 - 14:05

Mesna Alleviates Cerulein-Induced Acute Pancreatitis by Inhibiting the Inflammatory Response and Oxidative Stress in Experimental Rats

Hanan H. Hagar, King Saud University, Saudi Arabia

Day 2 Concludes
