

3rd European Congress on

PEDIATRICS, NEONATOLOGY & PERINATOLOGY

September 12-14, 2022

Crowne Plaza Madrid Airport, Madrid, Spain

Scientific Program

3rd European Congress on Pediatrics, Neonatology & Perinatology

Monday
September 12, 2022

September 12-14, 2022, Crowne Plaza Madrid Airport, Madrid, Spain

Day 1-September 12, 2022

10:00-10:40 Registrations

10:40-11:00 Introduction

Keynote Presentation

11:00-11:40 Personalized and Precision Medicine (PPM) as a Unique Healthcare Model to Be Set Up via Translational Applications and Upgraded Business Modeling to Secure the Human Healthcare, Wellness and Biosafety among Childhood

Prof. Sergey Suchkov, Sechenov University, Russia

Group Photo (11:40-12:00)

Refreshment Break (12:00-12:15) @ Velázquez Meeting Room

Sessions Neonatology | NICU | congenital malformations | Neonatal Mortality | Maternal Medicine | Pediatric vaccination | Pediatrics |

12:15-12:45 Elevated Sound Levels in the Neonatal Intensive Care Unit: What is Causing the Problem?

Kelli J. Mayhew, The Ottawa Hospital, Canada

12:45-13:15 Anemia at Delivery and Adverse Outcomes in Patients of Very Advanced Maternal Age

R Newman, Cedars Sinai Medical Center, USA

Lunch (13:15-14:15) @ Nature Restaurant

14:15-14:45 Measles, Mumps, and Rubella Vaccination in Children with Egg Allergy

Filipa Rodrigues dos Santos, Centro Hospitalar Universitário do Porto, Portugal

14:45-15:15 The use of R-Wuk Suits in the Treatment of Patients with Autism and Asperger's Syndrome-Preliminary Report

Maciej Abakumow, Neures Polska, Poland

15:15-15:45 The Relevance of Polycythemia Syndrome as a Cause of Microcirculation changes in Neonatology

Elena Martynova, Independent Researcher, Russia

15:45-16:15 Structural Equation Modelling for Multilevel Data

M. T. Barendse, Oral Public Health Department, ACTA, The Netherlands

Refreshments (16:15-16:45) @ Velázquez Meeting Room

16:45-17:15 Zinc Nutritional Status in a Series of Children with Chronic Diseases: A CrossSectional Study

Marlene Fabiola Escobedo-Monge, Valladolid University, Spain

17:15-17:45 Medullary Serotonergic Binding Deficits and Hippocampal Abnormalities in Sudden Infant Death Syndrome: One or Two Entities?

R Haynes, Boston Children's Hospital and Harvard Medical School, USA

Day 1 Concludes

Scientific Program

3rd European Congress on

Pediatrics, Neonatology & Perinatology

Tuesday
September 13, 2022

Day 2-September 13, 2022

Keynote Presentations

10:00-10:40 Update on Calcium and Phosphate Recommendations for Preterm Infants
Prof. Dr. Walter A Mihatsch, Ulm University, Germany

10:40-11:20 Complications of Ascariasis in Children-Surgical Aspect
Prof. Ajaz A Rather, SKIMS Medical College & Hospital Bemina Srinagar Kashmir, India

Refreshment Break (11:20-11:40) @ Velázquez Meeting Room

Sessions Neonatology | Perinatology | Neonatal Syndromes | Congenital Malformations

11:40-12:10 Premature Rupture of Membranes Resulting in a Compartment Syndrome in a Preterm Neonate
Linda R. Chambliss, Creighton University Arizona Health Education Alliance, USA

12:10-12:40 Non-Coeliac Gluten Sensitivity in Children
Chandra Sekhar Devulapalli, Norwegian Labour and Welfare Administration (NAV), Norway

12:40-13:10 Contributions of Transfontanellar Morphologic Ultrasound to the Evaluation of Newborn Brain Injury in Full-Term Neonates: A Preliminary Study
A. Bherat Kouadio, Felix Houphouët Boigny University, Côte d'Ivoire

Lunch (13:10-14:10) @ Nature Restaurant

14:10-14:40 Evolution of Mortality in the Neonatology Department at Kalembelembe Pediatric Hospital in Kinshasa
Catherine E. Akele, Pediatric Hospital of Kalembelembe, Democratic Republic of the Congo

14:40-15:10 Building a Clinical Decision Support System (CDSS) for Prenatal Screening for Thalassemia
Tran Van Anh, Hanoi Medical University, Vietnam

15:10-15:40 Neonatal Open Leg Fracture In Amniotic Band Syndrome- A Case Report with a revised classification
Khernane Nacer, University of Batna 2, Algeria

15:40-16:10 *Mycoplasma pneumoniae* and *Chlamydia pneumoniae* infections in atypical childhood community acquired pneumoniae with assessment of socio-economic and environmental risk factors
Fouzia Radouani, Chlamydiae and Mycoplasmas Laboratory, Morocco

Refreshments (16:10-16:40) @ Velázquez Meeting Room

Video presentation

16:40- 17:10 Host Gene Polymorphisms in Perinatally Infected Children in Cameroon: Impact in Hiv1 Disease Progression and Acquisition
Béatrice Dambaya, "Chantal Biya" International Reference Center (CIRCB), Cameroon

Poster Presentations (17:10- 18:00)

ECPNPP001 Red Blood Cell Distribution Width (RDW) and its Predictive Role in the Diagnosis of Neonatal Sepsis
Lileth D.C. Lobederio, St. Luke's Medical Center, Philippines

Scientific Program

3rd European Congress on Pediatrics, Neonatology & Perinatology

Tuesday
September 13, 2022

ECPNPP002	Characterization of Neonatal Morbidity and Mortality in Malabo Regional Hospital. Equatorial Guinea. 2011-2016 Arturo Acevedo Ortiz , Teaching Hospital, Ghana
ECPNPP003	Characterization of Morbidity and Mortality by Malnutrition in Paediatrics Ward. Tamale Teaching Hospital. Ghana in one year. 2021 Orlaida Sánchez Domínguez , Teaching Hospital, Ghana
ECPNPP004	Dysphagia as an Early Presentation of DiGeorge Syndrome –case report Snezana Palchevska , Clinical Hospital Adzibadem Sistina, Republic of North Macedonia
ECPNPP005	Posterior Urethral Valve and Prenataly Resolved Multicystic Dysplastic Kidney Natasha Aluloska , Clinical Hospital Adzibadem Sistina, Republic of North Macedonia

Day 2 Concludes

Day 3-September 14, 2022

Panel Discussion by Prof. Sergey Suchkov, Sechenov University, Russia

Day 3 Concludes

followed by Awards Felicitations, Networking

Scientific Program

3rd European Congress on Pediatrics, Neonatology & Perinatology

Tuesday
September 13, 2022

Virtual Presentations September 13, 2022 BST 13:00

Keynote Presentation

13:00-13:30 Down Syndrome Cytogenetics with Cardiac Disease and Thyroid Hormone Profile
Shaji Thomas John, Baby Memorial Hospital, India

13:30-14:00 Persistent Pulmonary Hypertension of the Newborn: Historical Evolution
Steven M, Donn, University of Michigan, USA

Oral Presentations

14:00-14:25 The Psychometric Properties of Continuing Bonds Scale in a Sample of Pregnant Women who Experienced Perinatal Loss
Yasemin Kahya, University of Ankara, Turkey

14:25-14:50 Neonatal Naso alveolar Moulding in Babies with Cleft Lip and Palate-Recent Advances
Sangeetha, SRM Dental College, India

14:50-15:15 "To get the baby out off the hook": A study about decision making in Vacuum – Assisted Operative Vaginal Delivery
Alessandro Svelato, San Giovanni Calibita Fatebenefratelli Hospital, Italy

15:15-15:40 Neonatal pleural effusion due to COVID-19 pneumonia
Parisa Armanpoor, Gonabad University of Medical Science, Iran

15:40-16:05 The Risk Prediction Models of Obesity Through the view of Personalized and Precision Medicine (PPM)
Sofya Blokh, Filatov Children's City Clinical Hospital, Russia

16:05-16:30 Results of a Multicenter Registry for Congenital Cytomegalovirus Infection in Flanders, Belgium: From Prenatal Diagnosis over Neonatal Management to Therapy
Annelies Keymeulen, University of Ghent, Belgium

16:30-16:55 Redefining Prematurity using Immunology and Artificial Intelligence
Nima Aghaeepour, Stanford University, USA

16:55-17:20 The Importance of Providing Education on Child Neglect and Abuse to Parents of Children with Special Needs
Fatma Betül Şenol, Afyon Kocatepe University, Turkey

Keynote presentations

17:20-17:50 Risk factors for *Haemophilus Influenzae* Carriage among Ecuadorian Children
Ricardo Izurieta, University of South Florida, USA

Day 2 Concludes

Scientific Program

3rd European Congress on Pediatrics, Neonatology & Perinatology

Wednesday
September 14, 2022

September 14, 2022, BST 10:00

Keynote presentations

- 10:00-10:30 Recurrent Missense Variant in the Nuclear Export Signal of *FMR1* Associated With FXS-Like Phenotype Including Intellectual Disability, ASD, Facial Abnormalities
R. Nardello, University of Palermo, Italy

Oral Presentations

- 10:30-10:55 Knowledge and Attitudes of Chinese Pediatric Clinicians regarding Pain Management
Niang-Huei Peng, Henan University, China
- 10:55-11:20 To govern the Pervasiveness of Xmn-1 G γ Gene Polymorphism: A Significant Determinant in Children with β -Thalassemia Major and its Effect on Clinical Phenotype and Psychological Status
Nitu Nigam, King George's Medical University, India

Poster presentations

- 11:20-11:35 A rare case of Nasopharyngeal Glial Heterotopia in a Neonate
Viveka Singh, Kokilaben Dhirubhai Ambani Hospital and Medical Research Centre, India
- 11:35-11:50 Milk Consumption Profile of Preterm Neonates in the Neonatal ICU Before and During The Covid-19 Pandemic: A Cross-Sectional Study
Alyanna Patricia D. Malabanan, St. Luke's Medical Center, Philippines
- 11:50-12:05 Neonatal Resuscitation Workshops at Sociedad Mexicana de Pediatr a during the SARS-CoV-2 Pandemic
Claudia Montesinos-Ram rez, National Autonomous University of Mexico, Mexico
- 12:05-12:20 Hepatosplenomegaly with Seropositive CMV & Rubella
Veena Bajulge, Ramaiah Memorial Hospital, India
- 12:20-12:35 Safe Infant Guided Nutrition(SIGN): A Promising way forward to Achieve Successful Breast and/or Bottle Feeding: A Quality Improvement Project
Madhusudan Guin, William Harvey Hospital, UK
- 12:35-12:50 Successful Treatment of anti-NMDA Receptor Encephalitis with Sydenham Chorea in a Child
Alqassmi.A.Amal, King Saud Medical City, Saudi Arabia
- 12:50-13:05 Ileocecal Valve Atresia with Volvulus
Othmane Alaoui, Sidi Mohamed Ben Abdallah University of Fez, Morocco

Day 3 Concludes
