

# European Congress on **Plant Science and Genomics**

September 27-28, 2021 | Zurich, Switzerland

## Conference Sessions:

Plant Genomics 2021 invites all the experts and scientists in related disciplines to come together from all around the globe to attend the conference which will provide an unprecedented opportunity for Plant Genomics Scientists, Plant Genomics Chemists, Professors, Assistant Professors, Researchers, Research Scholars, Scientists, Dean, Head of Departments, Students to share their research with colleagues, to discuss and debate the latest technologies & advances in the field of Plant Genomics.

- Plant Genomics
- Plant Pathology & Microbiology
- Plant Science
- Plant Biotechnology
- Plant Biology
- Plant Diseases
- Soil Science & Seed science
- Agriculture & Crop Science
- Pharmacognosy and Ethnopharmacology
- Plant Genetics and Epigenetics
- Plant Pathology & Microbiology

## City Attractions

**Venue -** Hotel Novotel Zurich Airport Messe  
Lindbergh-Platz 1, 8152 Opfikon, Zurich, Switzerland

Zurich is the biggest city in Switzerland and the capital of the canton of Zurich. It is situated in north-central Switzerland at the northwestern tip of Lake Zürich. Zurich is a center point for railroads, streets, and air traffic. Both Zurich Airport and railroad station are the biggest and busiest in the nation. For all time made due with more than 2,000 years, Zurich was established by the Romans, who, in 15 BC, called it Turicum. Zurich is a leading worldwide city and among the world's biggest financial centers in spite of having a generally little population. The city is home to numerous money related organizations and banking organizations. A considerable lot of Switzerland's innovative work focuses are packed in the Greater Zurich territory and the low assessment rates and canton subsidizing sponsorships draw in abroad organizations to set up their base camp or account treasury benefits in the city.
