Scientific Program

2nd Online International Conference on

Traditional and Alternative Medicine

11:00-11:10 Opening Ceremony and Introduction Oral Presentations The Effect of Moxibustion on Cognitive Attention Network Function of Patients with Mild Cognitive Impairment Gang Liu, Anhui University of Traditional Chinese Medicine, China In vitro Anticancer Activity of two Thai Medicinal Plants on Human Non-Small Cell Lung Cancer Cell (A549) Witawin Sittisirinukul, Newton Sixth Form School, Thailand The Immunoregulatory Effects of Natural Products on Psoriasis Via its Action on Th17 Cells Versus Regulatory T Cells Balance Lingyuan Zhong, Chengdu University of Traditional Chinese Medicine Affiliated Hospital, China Investigation of Anticancer Activity of Tiliacora Triandra Extract Against Human Cancer Cell Lines Natchaya Knobnob, Triam Udom Suksa School, Thailand Poster Presentations Association Between the Dampness Constitution of Traditional Chinese Medicine and Body Water: A Cross-Sectional Study Yuge Zhou, Guangdong Provincial Hospital of Integrated Traditional Chinese and Western Medicine, China Anti-Inflammatory Effect of Simonsinol Via Inactivation the TIr4/NF-Kb/P38 Pathway Lian-Chun Li, Guangxi Institute of Botany, Chinese Academy of Sciences, China Discovery and Heterologous Expression of the Large Gc-Rich Marinomycin Biosynthetic Gene Cluster Matthias Agbo, University of Nigeria, Nigeria Oral Presentations Integrated Naturopathy in the Treatment of Violence, Suicide and Homicide Prevention Marian Mulligan, Cranial Naturopath CEO Sphenoid Ireland, Ireland The Health Effects of Goji Berry (Lycium Barbarum) Consumption on Western Medicine Biomarkers and Traditional Chinese Medicine (Tcm) Outcomes Gisela Marisa Goncalves, Acusmedical at Rainbow Health Group, UK Testing and Refining Programme Theories of a Behavioural Change Intervention Informed by Vinjvoga Therapy for Patients with Psoriatic Arrhritis at Central Middlesex Hospital - A Qualitative Realist Approach Vidhi Sadana, Kings College London, UK			
The Effect of Moxibustion on Cognitive Attention Network Function of Patients with Mild Cognitive Impairment The Effect of Moxibustion on Cognitive Attention Network Function of Patients with Mild Cognitive Impairment Gang Liu, Anhui University of Traditional Chinese Medicine, China		Day 01-August 29, 2022	
The Effect of Moxibustion on Cognitive Attention Network Function of Patients with Mild Cognitive Impairment Gang Liu, Anhui University of Traditional Chinese Medicine, China In vitro Anticancer Activity of two Thai Medicinal Plants on Human Non-Small Cell Lung Cancer Cell (A549) Witawin Sittistrinukul, Newton Sixth Form School, Thailand The Immunoregulatory Effects of Natural Products on Psoriasis Via its Action on Th17 Cells Versus Regulatory T Cells Balance Lingyuan Zhong, Chengdu University of Traditional Chinese Medicine Affiliated Hospital, China Investigation of Anticancer Activity of Tiliacora Triandra Extract Against Human Cancer Cell Lines Natchaya Knobnob, Triam Udom Suksa School, Thailand Poster Presentations Association Between the Dampness Constitution of Traditional Chinese Medicine and Body Water: A Cross-Sectional Study Tuge Zhou, Guangdong Provincial Hospital of Integrated Traditional Chinese and Western Medicine, China Anti-Inflammatory Effect of Simonsinol Via Inactivation the Tir4/Nf-Kb/P38 Pathway Lian-Chun Li, Guangxi Institute of Botany, Chinese Academy of Sciences, China Discovery and Heterologous Expression of the Large Gc-Rich Marinomycin Biosynthetic Gene Cluster Matthias Agbo, University of Nigeria, Nigeria Oral Presentations Integrated Naturopathy in the Treatment of Violence, Suicide and Homicide Prevention Marian Mulligan, Cranial Naturopath CEO Sphenoid Ireland, Ireland The Health Effects of Goji Berry (Lycium Barbarum) Consumption on Western Medicine Biomarkers and Traditional Chinese Medicine (Tcm) Outcomes Gisela Marisa Goncalves, Acusmedical at Rainbow Health Group, UK Testing and Refining Programme Theories af a Behavioural Change Intervention Informed by Viniyoga Therapy for Patients with Psoriatic Arthritis at Central Middlesex Hospital - A Qualitative Realist Approach		STARTS FROM 11:00 AM British Summer Time (BST)	
The Effect of Moxibustion on Cognitive Attention Network Function of Patients with Mild Cognitive Impairment Gang Liu, Anhui University of Traditional Chinese Medicine, China In vitro Anticancer Activity of two Thai Medicinal Plants on Human Non-Small Cell Lung Cancer Cell (A549) Witawin Sittisirinukul, Newton Sixth Form School, Thailand The Immunoregulatory Effects of Natural Products on Psoriasis Via its Action on Th17 Cells Versus Regulatory T Cells Balance Lingyuan Zhong, Chengdu University of Traditional Chinese Medicine Affiliated Hospital, China Investigation of Anticancer Activity of Tiliacora Triandra Extract Against Human Cancer Cell Lines Natchaya Knobnob, Triam Udom Suksa School, Thailand Poster Presentations Association Between the Dampness Constitution of Traditional Chinese Medicine and Body Water: A Cross-Sectional Study Yuge Zhou, Guangdong Provincial Hospital of Integrated Traditional Chinese and Western Medicine, China Anti-Inflammatory Effect of Simonsinol Via Inactivation the TIr4/Nf-Kb/P38 Pathway Lian-Chun Li, Guangxi Institute of Botany, Chinese Academy of Sciences, China Discovery and Heterologous Expression of the Large Gc-Rich Marinomycin Biosynthetic Gene Cluster Matthias Agbo, University of Nigeria, Nigeria Oral Presentations Integrated Naturopathy in the Treatment of Violence, Suicide and Homicide Prevention Marian Mulligan, Cranial Naturopath CEO Sphenoid Ireland, Ireland The Health Effects of Goji Berry (Lycium Barbarum) Consumption on Western Medicine Biomarkers and Traditional Chinese Medicine (Tcm) Outcomes Gisela Marisa Goncalves, Acusmedical at Rainbow Health Group, UK Testing and Refining Programme Theories af a Behavioural Change Intervention Informed by Vinjvoga Therapy for Patients with Psoriatic Arthritis at Central Middlesex Hospital - A Qualitative Realist Approach	11:00-11:10	Opening Ceremony and Introduction	
Mild Cognitive Impairment Gang Liu, Anhui University of Traditional Chinese Medicine, China In vitro Anticancer Activity of two Thai Medicinal Plants on Human Non-Small Cell Lung Cancer Cell (A549) Witawin Sittisirinukul, Newton Sixth Form School, Thailand The Immunoregulatory Effects of Natural Products on Psoriasis Via its Action on Th17 Cells Versus Regulatory T Cells Balance Lingyuan Zhong, Chengdu University of Traditional Chinese Medicine Affiliated Hospital, China Investigation of Anticancer Activity of Tiliacora Triandra Extract Against Human Cancer Cell Lines Natchaya Knobnob, Triam Udom Suksa School, Thailand Poster Presentations Association Between the Dampness Constitution of Traditional Chinese Medicine and Body Water: A Cross-Sectional Study Yuge Zhou, Guangdong Provincial Hospital of Integrated Traditional Chinese and Western Medicine, China Anti-Inflammatory Effect of Simonsinol Via Inactivation the TIr4/Nf-Kb/P38 Pathway Lian-Chun Li, Guangxi Institute of Botany, Chinese Academy of Sciences, China Discovery and Heterologous Expression of the Large Gc-Rich Marinomycin Biosynthetic Gene Cluster Matthias Agbo, University of Nigeria, Nigeria Oral Presentations Integrated Naturopathy in the Treatment of Violence, Suicide and Homicide Prevention Marian Mulligan, Cranial Naturopath CEO Sphenoid Ireland, Ireland The Health Effects of Goji Berry (Lycium Barbarum) Consumption on Western Medicine Biomarkers and Traditional Chinese Medicine (Tcm) Outcomes Gisela Marisa Goncalves, Acusmedical at Rainbow Health Group, UK Testing and Refining Programme Theories af a Behavioural Change Intervention Informed by Vinjvoga Therapy for Patients with Psoriatic Arthritis at Central Middlesex Hospital - A Qualitative Realist Approach	Oral Presentations		
In vitro Anticancer Activity of two Thai Medicinal Plants on Human Non-Small Cell Lung Cancer Cell (A549) Witawin Sittisirinukul, Newton Sixth Form School, Thailand The Immunoregulatory Effects of Natural Products on Psoriasis Via its Action on Th17 Cells Versus Regulatory T Cells Balance Lingyuan Zhong, Chengdu University of Traditional Chinese Medicine Affiliated Hospital, China Investigation of Anticancer Activity of Tiliacora Triandra Extract Against Human Cancer Cell Lines Natchaya Knobnob, Triam Udom Suksa School, Thailand Poster Presentations Association Between the Dampness Constitution of Traditional Chinese Medicine and Body Water: A Cross-Sectional Study Yuge Zhou, Guangdong Provincial Hospital of Integrated Traditional Chinese and Western Medicine, China Anti-Inflammatory Effect of Simonsinol Via Inactivation the Tlr4/Nf-Kb/P38 Pathway Lian-Chun Li, Guangxi Institute of Botany, Chinese Academy of Sciences, China Discovery and Heterologous Expression of the Large Gc-Rich Marinomycin Biosynthetic Gene Cluster Matthias Agbo, University of Nigeria, Nigeria Oral Presentations Integrated Naturopathy in the Treatment of Violence, Suicide and Homicide Prevention Marian Mulligan, Cranial Naturopath CEO Sphenoid Ireland, Ireland The Health Effects of Goji Berry (Lycium Barbarum) Consumption on Western Medicine Biomarkers and Traditional Chinese Medicine (Tcm) Outcomes Gisela Marisa Goncalves, Acusmedical at Rainbow Health Group, UK Testing and Refining Programme Theories af a Behavioural Change Intervention Informed by Viniyoga Therapy for Patients with Psoriatic Arthritis at Central Middlesex Hospital - A Qualitative Realist Approach	11:10-11:35	•	
Lung Cancer Cell (A549) Witawin Sittisirinukul, Newton Sixth Form School, Thailand The Immunoregulatory Effects of Natural Products on Psoriasis Via its Action on Th17		Gang Liu, Anhui University of Traditional Chinese Medicine, China	
The Immunoregulatory Effects of Natural Products on Psoriasis Via its Action on Th17 Cells Versus Regulatory T Cells Balance Lingyuan Zhong, Chengdu University of Traditional Chinese Medicine Affiliated Hospital, China Investigation of Anticancer Activity of Tiliacora Triandra Extract Against Human Cancer Cell Lines Natchaya Knobnob, Triam Udom Suksa School, Thailand Poster Presentations Association Between the Dampness Constitution of Traditional Chinese Medicine and Body Water: A Cross-Sectional Study Yuge Zhou, Guangdong Provincial Hospital of Integrated Traditional Chinese and Western Medicine, China Anti-Inflammatory Effect of Simonsinol Via Inactivation the Tlr4/Nf-Kb/P38 Pathway Lian-Chun Li, Guangxi Institute of Botany, Chinese Academy of Sciences, China Discovery and Heterologous Expression of the Large Gc-Rich Marinomycin Biosynthetic Gene Cluster Matthias Agbo, University of Nigeria, Nigeria Oral Presentations Integrated Naturopathy in the Treatment of Violence, Suicide and Homicide Prevention Marian Mulligan, Cranial Naturopath CEO Sphenoid Ireland, Ireland The Health Effects of Goji Berry (Lycium Barbarum) Consumption on Western Medicine Biomarkers and Traditional Chinese Medicine (Tcm) Outcomes Gisela Marisa Goncalves, Acusmedical at Rainbow Health Group, UK Testing and Refining Programme Theories of a Behavioural Change Intervention Informed by Viniyoga Therapy for Patients with Psoriatic Arthritis at Central Middlesex Hospital - A Qualitative Realist Approach	11:35-12:00	·	
Cells Versus Regulatory T Cells Balance Lingyuan Zhong, Chengdu University of Traditional Chinese Medicine Affiliated Hospital, China		Witawin Sittisirinukul, Newton Sixth Form School, Thailand	
Lingyuan Zhong, Chengdu University of Traditional Chinese Medicine Attiliated Hospital, China Investigation of Anticancer Activity of Tiliacora Triandra Extract Against Human Cancer Cell Lines Natchaya Knobnob, Triam Udom Suksa School, Thailand Poster Presentations Association Between the Dampness Constitution of Traditional Chinese Medicine and Body Water: A Cross-Sectional Study Yuge Zhou, Guangdong Provincial Hospital of Integrated Traditional Chinese and Western Medicine, China Anti-Inflammatory Effect of Simonsinol Via Inactivation the TIr4/Nf-Kb/P38 Pathway Lian-Chun Li, Guangxi Institute of Botany, Chinese Academy of Sciences, China Discovery and Heterologous Expression of the Large Gc-Rich Marinomycin Biosynthetic Gene Cluster Matthias Agbo, University of Nigeria, Nigeria Oral Presentations Integrated Naturopathy in the Treatment of Violence, Suicide and Homicide Prevention Marian Mulligan, Cranial Naturopath CEO Sphenoid Ireland, Ireland The Health Effects of Goji Berry (Lycium Barbarum) Consumption on Western Medicine Biomarkers and Traditional Chinese Medicine (Tcm) Outcomes Gisela Marisa Goncalves, Acusmedical at Rainbow Health Group, UK Testing and Refining Programme Theories af a Behavioural Change Intervention Informed by Viniyoga Therapy for Patients with Psoriatic Arthritis at Central Middlesex Hospital - A Qualitative Realist Approach	12:00-12:25	· · · · · · · · · · · · · · · · · · ·	
Cell Lines Natchaya Knobnob, Triam Udom Suksa School, Thailand Poster Presentations			
Association Between the Dampness Constitution of Traditional Chinese Medicine and Body Water: A Cross-Sectional Study Yuge Zhou, Guangdong Provincial Hospital of Integrated Traditional Chinese and Western Medicine, China Anti-Inflammatory Effect of Simonsinol Via Inactivation the Tlr4/Nf-Kb/P38 Pathway Lian-Chun Li, Guangxi Institute of Botany, Chinese Academy of Sciences, China Discovery and Heterologous Expression of the Large Gc-Rich Marinomycin Biosynthetic Gene Cluster Matthias Agbo, University of Nigeria, Nigeria Oral Presentations Integrated Naturopathy in the Treatment of Violence, Suicide and Homicide Prevention Marian Mulligan, Cranial Naturopath CEO Sphenoid Ireland, Ireland The Health Effects of Goji Berry (Lycium Barbarum) Consumption on Western Medicine Biomarkers and Traditional Chinese Medicine (Tcm) Outcomes Gisela Marisa Goncalves, Acusmedical at Rainbow Health Group, UK Testing and Refining Programme Theories af a Behavioural Change Intervention Informed by Viniyoga Therapy for Patients with Psoriatic Arthritis at Central Middlesex Hospital - A Qualitative Realist Approach	12:25-12:50		
Association Between the Dampness Constitution of Traditional Chinese Medicine and Body Water: A Cross-Sectional Study Yuge Zhou, Guangdong Provincial Hospital of Integrated Traditional Chinese and Western Medicine, China Anti-Inflammatory Effect of Simonsinol Via Inactivation the Tlr4/Nf-Kb/P38 Pathway Lian-Chun Li, Guangxi Institute of Botany, Chinese Academy of Sciences, China Discovery and Heterologous Expression of the Large Gc-Rich Marinomycin Biosynthetic Gene Cluster Matthias Agbo, University of Nigeria, Nigeria Oral Presentations Integrated Naturopathy in the Treatment of Violence, Suicide and Homicide Prevention Marian Mulligan, Cranial Naturopath CEO Sphenoid Ireland, Ireland The Health Effects of Goji Berry (Lycium Barbarum) Consumption on Western Medicine Biomarkers and Traditional Chinese Medicine (Tcm) Outcomes Gisela Marisa Goncalves, Acusmedical at Rainbow Health Group, UK Testing and Refining Programme Theories af a Behavioural Change Intervention Informed by Viniyoga Therapy for Patients with Psoriatic Arthritis at Central Middlesex Hospital - A Qualitative Realist Approach		Natchaya Knobnob, Triam Udom Suksa School, Thailand	
12:50-13:05 Body Water: A Cross-Sectional Study Yuge Zhou, Guangdong Provincial Hospital of Integrated Traditional Chinese and Western Medicine, China 13:05-13:20 Anti-Inflammatory Effect of Simonsinol Via Inactivation the Tlr4/Nf-Kb/P38 Pathway Lian-Chun Li, Guangxi Institute of Botany, Chinese Academy of Sciences, China Discovery and Heterologous Expression of the Large Gc-Rich Marinomycin Biosynthetic Gene Cluster Matthias Agbo, University of Nigeria, Nigeria 13:35-14:00 Integrated Naturopathy in the Treatment of Violence, Suicide and Homicide Prevention Marian Mulligan, Cranial Naturopath CEO Sphenoid Ireland, Ireland The Health Effects of Goji Berry (Lycium Barbarum) Consumption on Western Medicine Biomarkers and Traditional Chinese Medicine (Tcm) Outcomes Gisela Marisa Goncalves, Acusmedical at Rainbow Health Group, UK Testing and Refining Programme Theories at a Behavioural Change Intervention Informed by Viniyoga Therapy for Patients with Psoriatic Arthritis at Central Middlesex Hospital - A Qualitative Realist Approach		Poster Presentations	
Yuge Zhou, Guangdong Provincial Hospital of Integrated Traditional Chinese and Western Medicine, China Anti-Inflammatory Effect of Simonsinol Via Inactivation the TIr4/Nf-Kb/P38 Pathway Lian-Chun Li, Guangxi Institute of Botany, Chinese Academy of Sciences, China Discovery and Heterologous Expression of the Large Gc-Rich Marinomycin Biosynthetic Gene Cluster Matthias Agbo, University of Nigeria, Nigeria Oral Presentations Integrated Naturopathy in the Treatment of Violence, Suicide and Homicide Prevention Marian Mulligan, Cranial Naturopath CEO Sphenoid Ireland, Ireland The Health Effects of Goji Berry (Lycium Barbarum) Consumption on Western Medicine Biomarkers and Traditional Chinese Medicine (Tcm) Outcomes Gisela Marisa Goncalves, Acusmedical at Rainbow Health Group, UK Testing and Refining Programme Theories af a Behavioural Change Intervention Informed by Viniyoga Therapy for Patients with Psoriatic Arthritis at Central Middlesex Hospital - A Qualitative Realist Approach	12:50-13:05	·	
Lian-Chun Li, Guangxi Institute of Botany, Chinese Academy of Sciences, China Discovery and Heterologous Expression of the Large Gc-Rich Marinomycin Biosynthetic Gene Cluster Matthias Agbo, University of Nigeria, Nigeria Oral Presentations Integrated Naturopathy in the Treatment of Violence, Suicide and Homicide Prevention Marian Mulligan, Cranial Naturopath CEO Sphenoid Ireland, Ireland The Health Effects of Goji Berry (Lycium Barbarum) Consumption on Western Medicine Biomarkers and Traditional Chinese Medicine (Tcm) Outcomes Gisela Marisa Goncalves, Acusmedical at Rainbow Health Group, UK Testing and Refining Programme Theories af a Behavioural Change Intervention Informed by Viniyoga Therapy for Patients with Psoriatic Arthritis at Central Middlesex Hospital - A Qualitative Realist Approach			
Discovery and Heterologous Expression of the Large Gc-Rich Marinomycin Biosynthetic Gene Cluster Matthias Agbo, University of Nigeria, Nigeria Oral Presentations Integrated Naturopathy in the Treatment of Violence, Suicide and Homicide Prevention Marian Mulligan, Cranial Naturopath CEO Sphenoid Ireland, Ireland The Health Effects of Goji Berry (Lycium Barbarum) Consumption on Western Medicine Biomarkers and Traditional Chinese Medicine (Tcm) Outcomes Gisela Marisa Goncalves, Acusmedical at Rainbow Health Group, UK Testing and Refining Programme Theories af a Behavioural Change Intervention Informed by Viniyoga Therapy for Patients with Psoriatic Arthritis at Central Middlesex Hospital - A Qualitative Realist Approach	13:05-13:20	Anti-Inflammatory Effect of Simonsinol Via Inactivation the Tlr4/Nf-Kb/P38 Pathway	
13:20-13:35 Gene Cluster Matthias Agbo, University of Nigeria, Nigeria Oral Presentations Integrated Naturopathy in the Treatment of Violence, Suicide and Homicide Prevention Marian Mulligan, Cranial Naturopath CEO Sphenoid Ireland, Ireland The Health Effects of Goji Berry (Lycium Barbarum) Consumption on Western Medicine Biomarkers and Traditional Chinese Medicine (Tcm) Outcomes Gisela Marisa Goncalves, Acusmedical at Rainbow Health Group, UK Testing and Refining Programme Theories af a Behavioural Change Intervention Informed by Viniyoga Therapy for Patients with Psoriatic Arthritis at Central Middlesex Hospital - A Qualitative Realist Approach		Lian-Chun Li, Guangxi Institute of Botany, Chinese Academy of Sciences, China	
Oral Presentations Integrated Naturopathy in the Treatment of Violence, Suicide and Homicide Prevention Marian Mulligan, Cranial Naturopath CEO Sphenoid Ireland, Ireland The Health Effects of Goji Berry (Lycium Barbarum) Consumption on Western Medicine Biomarkers and Traditional Chinese Medicine (Tcm) Outcomes Gisela Marisa Goncalves, Acusmedical at Rainbow Health Group, UK Testing and Refining Programme Theories af a Behavioural Change Intervention Informed by Viniyoga Therapy for Patients with Psoriatic Arthritis at Central Middlesex Hospital - A Qualitative Realist Approach	13:20-13:35	, , , , , , , , , , , , , , , , , , , ,	
Integrated Naturopathy in the Treatment of Violence, Suicide and Homicide Prevention Marian Mulligan, Cranial Naturopath CEO Sphenoid Ireland, Ireland The Health Effects of Goji Berry (Lycium Barbarum) Consumption on Western Medicine Biomarkers and Traditional Chinese Medicine (Tcm) Outcomes Gisela Marisa Goncalves, Acusmedical at Rainbow Health Group, UK Testing and Refining Programme Theories af a Behavioural Change Intervention Informed by Viniyoga Therapy for Patients with Psoriatic Arthritis at Central Middlesex Hospital - A Qualitative Realist Approach		Matthias Agbo, University of Nigeria, Nigeria	
Marian Mulligan, Cranial Naturopath CEO Sphenoid Ireland, Ireland The Health Effects of Goji Berry (Lycium Barbarum) Consumption on Western Medicine Biomarkers and Traditional Chinese Medicine (Tcm) Outcomes Gisela Marisa Goncalves, Acusmedical at Rainbow Health Group, UK Testing and Refining Programme Theories af a Behavioural Change Intervention Informed by Viniyoga Therapy for Patients with Psoriatic Arthritis at Central Middlesex Hospital - A Qualitative Realist Approach	Oral Presentations		
The Health Effects of Goji Berry (Lycium Barbarum) Consumption on Western Medicine Biomarkers and Traditional Chinese Medicine (Tcm) Outcomes Gisela Marisa Goncalves, Acusmedical at Rainbow Health Group, UK Testing and Refining Programme Theories af a Behavioural Change Intervention Informed by Viniyoga Therapy for Patients with Psoriatic Arthritis at Central Middlesex Hospital - A Qualitative Realist Approach	13:35-14:00	Integrated Naturopathy in the Treatment of Violence, Suicide and Homicide Prevention	
14:00-14:25 Biomarkers and Traditional Chinese Medicine (Tcm) Outcomes Gisela Marisa Goncalves, Acusmedical at Rainbow Health Group, UK Testing and Refining Programme Theories af a Behavioural Change Intervention Informed by Viniyoga Therapy for Patients with Psoriatic Arthritis at Central Middlesex Hospital - A Qualitative Realist Approach		Marian Mulligan, Cranial Naturopath CEO Sphenoid Ireland, Ireland	
Testing and Refining Programme Theories af a Behavioural Change Intervention Informed by Viniyoga Therapy for Patients with Psoriatic Arthritis at Central Middlesex Hospital - A Qualitative Realist Approach	14:00-14:25		
Informed by Viniyoga Therapy for Patients with Psoriatic Arthritis at Central Middlesex Hospital - A Qualitative Realist Approach		Gisela Marisa Goncalves, Acusmedical at Rainbow Health Group, UK	
Vidhi Sadana, Kings College London, UK	14:25-14:50	Informed by Viniyoga Therapy for Patients with Psoriatic Arthritis at Central Middlesex	
		Vidhi Sadana, Kings College London, UK	

Scientific Program

2nd Online International Conference on

Traditional and Alternative Medicine

14:50-15:15	Nutraceuticals and Cosmetics from Amazon Rainforest: Bioeconomy and fair trade with Traditional Populations
	Patricia Chaves de Oliveira, Federal University of Western Pará-UFOPA, Brazil
15:15-15:40	Evaluation of Anti- Covid Potential of Bioflavonoid Constituent Against The Sars-Cov-2 Main Protease Through <i>In Silico</i> Analysis
	Raghvendra Dubey, Sage University, India
	Poster Presentation
15:40-15:55	Cytotoxic and Antibacterial Properties of Nanoparticles Synthesized from Various Brands if Bee Honey
	Mona S Alwahibi, King Saud University, KSA
	End of Day 1 Sessions
	Day 02-August 30, 2022
	STARTS FROM 10:00 AM British Summer Time (BST)
	Oral Presentations
10:00-10:25	Natural Extractions and Derived Substances with Anti-Cancer Activity
	Fuad Fares, University of Haifa, Israel
10:25-10:50	Private Healthcare Expenditure and Sources of Finance: The Role of Traditional
	Medicine in India
	Pratap C Mohanty, India
10:50-11:15	Phenolics from Sweet Cherries can Modulate P-Glycoprotein Activity
	Ana Carolina Almeida Goncalves, University of Beira Interior, Portugal
11:15-11:40	Biochemical and Histological Effects of Ethanolic Extracts of Fruits of <i>Xylopia Aethiopica</i> , Seeds and Leaves of <i>Piper Guineense</i> on Liver and Kidney Function in Male Albino Rats
	Chinedu Imo, Federal University Wukari, Nigeria
11:40-12:05	Evaluation of Anti-Cataract Activity of Bioactive Compound Through <i>In Vitro</i> and <i>In Silico</i> Analysis
	Kushagra Dubey, Smriti College of Pharmaceutical Education, India
12:05-12:30	A Survey of Ethno Medicinal Plants used to Treat Cancer by Traditional Medicine Practitioners in Zimbabwe
	Patrick Matowa, UK
12:30-12:55	Advancements in Herbal Medicine
	Rashmi Sharma, Sarvepalli Radhakrishnan Rajasthan Ayurveda University, India
12:55-13:20	Use of Invertebrate and Herpetofauna Across Different Ethnic Communities the Valley of Kashmir-India
	Musheerul Hassan, Clybay Research Private Limited, India
	Day 2 Concluded with Vote of Thanks
